AND INCREASING PROFITABILITY
WITH LIBRAESVA EMAIL SECURITY!

ISP/MSP PROGRAM 2019

EMAIL SECURITY AS A SERVICE

The Email Security ISP / MSP Program is designed
for Partners that wish to offer Email Security services
to their customers, with a simple
and complete solution.

The Program is based on a pay-per-use model and makes
possible the alignment of the number of license to the real
business and usage, in order to offer full protection to our
Partners' customers.
